EMILIO FONSECA

AI & Full-Stack Engineer

Tamaulipas, México | +52 833 127 3591 | emilio656565@outlook.com

linkedin.com/in/emilio-fonseca65 | github.com/EmilioUgarte65

PROFILE

Developer focused on **generative AI, agents and full-stack applications**. I build React interfaces and Python/Node.js services, integrating APIs, tools and data to automate processes and create useful products.

EXPERIENCE

Knowledge management, digital innovation and AI

Private organization | 2025 - Present

• Developed applications, services and automation to connect processes and information.

• Integrated AI agents with tools, conversational memory and business systems.

• Built interfaces, REST APIs and reports with access control and documentation.

Independent and academic development | 2023 - 2025

Management, finance and e-commerce applications, AI experiments and mobile/interactive projects.

SELECTED PROJECTS

Web Studio

Python · FastAPI · OpenAI / Claude · FFmpeg

Local web editor that turns instructions into editing plans, with a timeline, subtitles and video export.

Nexo

React · Node.js · LLMs · APIs REST · SQL

Assistants and CRM with tools, memory and workflows to coordinate support and customer management.

Vértice

React · TypeScript · FastAPI · PostgreSQL · Docker

An application for projects, budgets and payment requests, with authentication, migrations and offline work.

Dexter

Python · MCP · Multi-LLM · Ollama

Integration and extension of an open-source agent ecosystem with skills, persistent memory and provider routing.

TECHNICAL SKILLS

Frontend: React, TypeScript, JavaScript, HTML/CSS, PWA. **Backend:** Python, FastAPI, Node.js, Express, REST APIs. **Data:** PostgreSQL, SQL Server, SQLite, Firebase. **AI & delivery:** OpenAI, Claude, tool calling, MCP, Docker, Git.

EDUCATION & LANGUAGES

Computer Systems Engineering | Universidad Autónoma de Tamaulipas | 2020 - 2025

Spanish native · English B2
